

Video Wall Processor | RealView Series

Advanced Technology Video Wall Processor

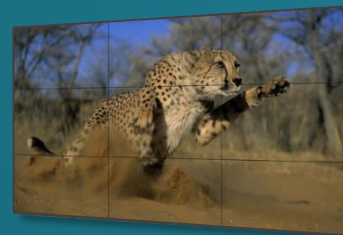

Support 4K-60Hz | Drag and Drop Easy Operation | Real Time Controlled through iPad | Durable

Based on the cutting edge Field-Programmable Gate Array (FPGA) processing technology which provides a solution to be able to accept any combination of input sources via LAN/Network, and direct input : HDMI, DV-I. Supports 4K 60Hz input capture resolution to deliver an uncompromised 4K-UHD picture experience

Real-time live preview controlled via iPad to select content sources, move, resize or even can save and recall layouts, simple drag-drop operation, no mess up, easy to use and easy to teach. ImagePath™ RealView video wall management is available on Andorid App

Provides excellent performance compatibility with all video wall displays (LCD Wall and LED Wall) and is very flexible in visualizing any content from any sources to multiple screens or entire screen of video wall display, ensuring hassle-free 24/7 operational capability

ImagePath™ RealView Series video wall management features :

- Multi View and control video wall management
- Create, copy, save and delete layouts
- Import or export layouts
- Short cuts for each layout
- Position, re-size, crop and overlapped input windows
- Input signal live preview on Window OS and Android OS
- User authority management
- Drag and drop easy operation
- Multi video walls control (up to 4 groups controlled simultaneously)
- Preview and Control through tablet device
- Android Application available

SPECIFICATION

Display Outputs	1 to 144 display outputs
Multi Output option	HDMI,DVI-I (Digital & Analog),SDI,HDBaseT,Optical Fiber
Inputs Capture	1-128 HD DVI/HDMI/RGB
Video Inputs Capture	1-512 composite
Multi Input option	DVI-D,HDMI,VGA,YPbPr,CVBS,SDI,HDBaseT,Optical Fiber,IP streaming
Window Overlay Mode/Display	2/4/8 windows on each display screen
Multi Video Walls	MVWS (Multi Video Walls Support) technology up to 4 groups
Low Power Consumption	230 W
Fast Start up	Within 5 seconds, Low capture & display latency
HDCP Support	Support for DVI/HDMI
Input Capture Resolution	Support up to 4K-UHD@60HZ capture resolution
IP Signal Decode and Capture	Support IP signal decode and capture
Redundant Power Supply*	Yes

* optional

ImagePath™ RealView Series video wall processor can give you total real-time control in your hands to easily displayed content from any source to any screen on video wall display with a simple drag-drop operation. Higher redundant power supply due to design and functionality for durability. Suitable for uses such as Modern Control room, Modern Command Center room, Modern NOC room, Modern CCTV room, Modern Meeting room, and Digital Signage.

**FAST
START UP**

ImagePath™ RealView Series a real way to view, control & durability designed for modern video wall displays
